

Rings On Her Fingers

The Smithereens

A ring on her finger, a voice in her touch
Her memory will linger leaving it's spot
You're not the only one to know what I'm going through
Now I'm the lonely one 'cause I'm still in love with you

The ring on her finger, pain in her heart
A love that will linger there from the start
You're not the only one who knows what I'm going through
You're not the only one, you did what you had to do
There's a ring on her finger but she isn't you

I put a ring on her finger but she isn't you

You came along and slipped into my heart
You came along and ripped my world apart
You're not the only one to know what I'm going through
Now I'm the lonely one 'cause I'm still in love with you

There's a ring on her finger but she isn't you
Ring on her finger, she isn't you
Ring on her finger but she isn't you
Ring on her finger

There's a ring on her finger but she isn't you
Ring on her finger, she isn't you
Ring on her finger, she isn't you
Ring on her finger but she isn't you

Ring on her finger but she isn't you
Ring on her finger but she isn't you
Ring on her finger, she isn't you
Ring on her finger, she isn't you
