

The Last Good Time

The Smithereens

Walk in slowly now, I will show you just how
There are times that, we all are connected
There's no time to waste, don't you dare hesitate
There are times when, it's always reflected

It's the last good time
It's the last good time
It's the last good time
It's the last good time

Goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye

Take a walk with me, you'll see things differently
And it won't be what you expected
There's no time no more, don't you open the door
Because things are just what is reflected

It's the last good time
(That you're going to know)
It's the last good time
(Yes, you think that it's so)

It's the last good time
(That you're going to know)
It's the last good time
(Yes, you think that it's so)

Goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye

It's the last good time
(That you're going to know)
It's the last good time
(Yes, you think that it's so)

It's the last good time
(That you're going to know)
It's the last good time
(Yes, you know that it's so)

Goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye
Goodbye, goodbye, goodbye
