

My sweetest syncopation
Now put your mind at ease
I've got you where I want you
No way that I could leave
And I'll always want you

Came to the dark conclusion
That now just ain't my time
I'll save you all that sunlight
'Til the world is mine
And I'll always want you

And I'm breaking it down
Singing it louder
I'm still falling for you
Still calling on you
Telling me how
Cause I can't explain today
How I've been feeling maybe
There's something you could say to me

To make it all as right as rain my brown eyed girl
You know I love you every morning
My brown eyed girl you know I love you more
Every morning

My sweetest syncopation
You soothe my mind with ease
I need you now and always
Keep your roots beneath my tree
And I'll always want you

Divide and conquer my ways
Restrained and loyal I'll stay
I love you more with every worried breath
Your lungs take, it's you
I'll always want you

And I'm breaking it down
Singing it louder
I'm still falling for you
Still calling on you
Telling me how
Cause I can't explain today
How I've been feeling maybe
There's something you could say to me

To make it all as right as rain my brown eyed girl
You know I love you every morning
My brown eyed girl you know I love you more
Every morning

Yeah make it all as right as rain
Yeah make it all as right as rain
Now make it all as right as rain my brown eyed girl
You know I love you every morning
