

Butterside Down

The Snuts

I'm awake now
One eye open, drop my phone on my face now
Could it be that I dreamed it up? No, the sun's came out
I like this town around me

Life's always Butterside down
I know I gotta turn it 'round

Things are getting better, oh, can you hear me?
Rain on my face, feel like I'm healing
Sod's Law, it's gonna go wrong
I got no umbrella but my favourite song goes
La la la la la la

Stumbled, burned my coffee
Spilled my Frosties, fumbled
Another Monday morning
Whoops, here we go again

Life's always Butterside down
I know I gotta turn it 'round

Things are getting better, oh, can you hear me?
Rain on my face, feel like I'm healing
Sod's Law, it's gonna go wrong
I got no umbrella but my favourite song goes
La la la la la la

La la la la la la
La la la la la la
La la la la la la
La la la la la la
La la la la la la
La la la la la la

Things are getting better, oh, can you hear me?
Rain on my face, feel like I'm healing

Things are getting better, oh, can you hear me?
Rain on my face, feel like I'm healing
Sod's Law, it's gonna go wrong
I got no umbrella but my favourite song goes
La la la la la la

Things are getting better, oh, can you hear me?
Rain on my face, feel like I'm healing
Sod's Law, it's gonna go wrong
I got no umbrella but my favourite song goes
La la la la la la (La la la la la la)
