

Have you been overwhelmed?  
Oh tell me baby quite concerned  
And is there something about her that you've yet to learn?  
Have you been caught in red?  
Crying all day  
And is there something you miss about how we used to play?

I want out (of here)  
How about (me and you)  
Cut your hair again (cut your hair)  
Leave your home again (tell me where)

Have you been watching him?  
Oh tell me baby watching  
And is there something you miss about how we used to do  
Those things you like not hate  
Get carried away  
And is there something you miss about how we used to say?

I want out (of here)  
How about (me and you)  
Cut your hair again (cut your hair)  
Leave your home again (tell me where)  
You've been going well (out here)  
You've been going well (out here)  
Left your innocence (out here)  
Left your innocence (out here)  
You've been going well (out here)  
You've been going well (out here)  
Left your innocence (out here)  
Left your innocence (out here)  
Left your innocence (out here)
