

Pigeons In New York

The Snuts

Broken ships and stolen roads
And family names and dosy does
There's pigeons in New York, pigeons in London

And if I am you and you are me
And we should bomb our history
Instead of pigeons in New York, pigeons in Dublin

And double down, because these towns
Are beautiful my darling
There's pigeons in New York, pigeons in Moscow

They set their sails but we prevailed
There's pigeons in New York
I said there's pigeons in New York pigeons in Kingston

(Three, four)

We were talking just today
And there's one thing we forgot to say
There's pigeons in New York, pigeons in Kingston

We were talking just today
And there's one thing we forgot to say
There's pigeons in New York, pigeons in Queensland

We were talking just today
And there's one thing we forgot to say
There's pigeons in New York, pigeons in Kingston

Bottled rum to fill our tums
Why don't we let the past go?
There's pigeons in New York, pigeons in Glasgow
