

Girl meets boy
Boy lost the girl again
Started taking something for the pain
Back in 2010

I'm a love junkie
I'm crying on the Internet again

And when I see my GP, I'm gonna scream at him
"Dr. Brown, tell me are you listening?"
I'm gonna die of this broken heart
I'm sure of it

'Cause I hear voices when I go
'Round and 'round, I get so low
Yeah, I'm up and down like a yo-yo
'Cause I hear voices when I go, oh when I go

Simple story like my father before me
I need you to love me babe, so I can love you back
Hey Doc, I got a case of self-obsessed-itus
Thinking I might just

Get better, try to get better
Get better, try to get better
Get better, try to get better

'Cause I hear voices when I go
'Round and 'round, I get so low
Yeah, I'm up and down like a yo-yo
'Cause I hear voices when I go
When I go, when I go

How many milligrams in my hand, do I need?
How many milligrams in my hand, to be happy?
How many milligrams in my hand, to be happy?
How many milligrams in my hand, to be happy?

'Cause I hear voices when I go
'Round and 'round, I get so low
'Cause I hear voices in my head
'Cause I hear voices when I go
When I go, when I go
