The Sonics

You made me leave my happy home Now, i'll always have to roam. Since i fell for you Love brings such misery and pain I know i'll never be the same Since i fell for you You love me, then you snub me But i, i don't know what to do. You tell me that you love me But what can i do, i'm still in love with you. -organ solo-You love me, then you snub me But i, i don't know what to do. You tell me that you love me But what can i do, i'm still in love with you. And i get the blues most every night I know i'll never feel just right Since i fell for you Since i fell for you Since i fell for you
