

# I'm Still Missing Your Love

The S.O.S. Band

Why do I keep on caring  
When you don't want to be there for me?  
Your life goes on but mine stood still  
I couldn't breath despair

Now you ask me for my friendship  
To forget our past commitment  
To happily watch you from the side  
But I will not live this life

I'm still missing your love  
I wanna be with you tonight  
I'm still missing your love  
I'm still missing you

Go back to our favourite places  
Where our love became so famous  
To remind myself how much I stained  
Those with pride I gave

The truth often make me feel better  
We stand that we've never been together at all  
'Cause after you tasted honey so sweet

There's nothing else that can compete

Sometimes I think I'll lose my mind  
But I know all things will heal the time  
Slow if the win that fool myself  
But I gonna crown it back

I'm still (Miss)  
(Miss)  
(Miss)  
(Missing your)

(Miss)  
(Miss)  
(Missing)

(Sometimes I think I'll lose my mind)  
But I know all things will heal the time  
(Easy to say) I'm doing well  
But it's so hard to get there

I'm still missing your love  
I wanna be with you tonight  
I'm still missing your love  
I'm still missing you

I'm still missing your love  
I wanna be with you tonight  
I'm still missing your love  
I'm still missing you

I'm still missing your love  
I wanna be with you tonight

I'm still missing your love  
I'm still missing you

I'm still missing your love
