

Hothouse

The Sound

I've got sweat breaking out
But I try, try to con seal
I've got a savage root
And it's a growing pain

Feelings pushing through
Pushing through, through
Through, through, through you
And I found myself in the hothouse
I found myself in the hothouse

Spend too long looking in
Looking in from the outside
Now it's time to give in
Time to get inside

Feeling's pushing through
Pushing through, through
Through, through, through you
I found myself in the hothouse
I found myself in the hothouse
