## **Living In Your Head**

## The Soundlovers

Look at me I am going away You can't stop me I'm flying away Coz I know You don't love me no more You can't hurt me Not anymore Look at me I am going away You can't stop me I'm flying away But I know I will be in your head Everytime Until you will go mad

I'm the voice in your head
Everyday I will be there
If you cannot stand it,
I don't care
I'm the voice in your head
Everyday I will be there
Coz I'm living,
Living in your head-ead-ead
