

Changes

The Sounds

Please let me in and hold me tight
Don't leave me out here alone tonight
Bless your heart and praise your soul
You keep me warm and give me shelter from the storm

I don't care that the sky is falling down
I'm going through changes
Oh changes

Hold me down and pin me to the floor
It's hurting more and even deeper than before
And hold your silence now I heard you sigh
I know you're tired but we'll work it out

I don't care that the sky is falling down
I'm going through changes
No one knows what the future holds for us
We're both acting like strangers
I don't care that the world keeps turning now
I'm going through
I'm going through
I'm going through changes

My feet are tired now
From running wild
My head is hurting so
I don't wanna shout
I take my chances
I take back control
Take my apology
It's gonna save my soul

I don't care that the sky is falling down
I'm going through changes
I don't care that the world keeps turning now
I'm going through
I'm going through
I'm going through changes
