

Hollow

The Sounds

I will come to you at night
I'll get you when you keep your guard down
Sneak up from behind
I'll get you when there's no one else around
Lock your door there's no where to go
I'll take you on the ride of your life
Behind these these four walls
You're no longer in control

You can call me your lover
Or hate is another
Name I can go by
I don't care what you call me
I'll be your shadow
I'll leave you all hollow

I'm creeping and crawling
I'm under your skin now
I'll leave you with nothing
A sensation of falling
Now who's gonna save you
Cos I will leave you all hollow
Cos I will leave you all hollow
Cos I will leave you all hollow

I'll whisper in your ear
Exactly what you wanna hear
I'll bring you to your knees
You'll beg me can I have a another please
I'm your skid-row I'm your no-go-zone
The one who puts your mind at ease
So who am I when I'm in you
Are your emotions undefined

You can call me your lover
Or hate is another
Name I can go by
I don't care what you call me
I'll be your shadow
I'll leave you all hollow

I'm creeping and crawling
I'm under your skin now
I'll leave you with nothing
A sensation of falling
Now who's gonna save you
Cos I will leave you all hollow
Cos I will leave you all hollow
Cos I will leave you all hollow

You're lost inside your head now
You can no longer think clear
How did ever end up
Feeling so alone
You gotta rise up
You gotta hope that
You're gonna find your way

Back home
You gotta rise up
You gotta hope that
You're gonna find your way
Back home
You're gonna find your way
Back home

Cos I will leave you all hollow
Cos I will leave you all hollow
Cos I will leave you all hollow
Cos I will leave you all hollow
