

## Safe and Sound

### The Sounds

Have you had enough  
Wanting just to leave  
Ready for something new  
To shake off this old blues

Oh, can you hear a sound  
In the distance now  
It's calling out your name  
Your name the way you  
Want it to be announced

I wanna go there with you  
I wanna see what you see  
You don't have to convince me  
I'll be ready then

Hello hello  
I go wherever you want me to go  
I know, I know  
I can depend on you to take me there  
Safe and sound  
Yeah, safe and sound

So take me there  
Safe and sound  
Yeah, safe and sound

The morning comes too soon  
Not ready to give in  
The sun is shining too bright for us  
We're the children of the night

Hold on to this time  
Promise not to forget  
It might just be the best the best  
The best days of our lives

Oh, can I go there with you  
Can you feel what I feel  
Do I have to convince you  
Will you be ready then

Hello hello  
I go wherever you want me to go  
I know, I know  
I can depend on you to take me there  
Safe and sound  
Yeah, safe and sound

So take me there  
Safe and sound  
Yeah, safe and sound

Hello hello, yeah  
I know, I know...

Yeah, safe and sound

Yeah

So take me there  
Safe and sound  
Yeah, safe and sound
