

Feeling Rude

The Spencer Davis Group

Get in the mood, I'm feeling rude
Get in the groove, I'm starting to move
Get on the right track, turn me on
We gettin' back to where we all belong
Get out of my mind, leave me alone
You know my face, but I ain't on the phone
Step out of line, don't you waste my time
I'm really feeling low

Gettin' tired of being left all alone
I got a thousand crazy women ringing on the phone
Trying to make it, trying to break it
Doing what I really don't wanna do

Get on the same street we used to live
I'm on my own and I've nothing to give
Get off my back 'fore you find me gone
I stayed the same 'cause I know I ain't wrong
Get on the right track, turn me on
We gettin' back to where we all belong
Get out of my mind, leave me alone
You know my face, but I ain't on the phone

Gettin' tired of being left all alone
I got a thousand crazy women ringing on the phone
Trying to make it, trying to break it
Doing what I really don't wanna do

Get in the mood, I'm feeling rude
Get in the groove, I'm starting to move
Get on the right track, turn me on
We gettin' back to where we all belong
Get out my mind, won't you leave me alone?
You know my face, but I ain't on the phone
Step out of line, don't you waste my time
I'm really feeling low

Get on the same street we used to live
I'm on my own and I've nothing to give
Get off my back 'fore you find me gone
I stayed the same and I know I ain't wrong
Step out of line, don't you waste my time
I'm really feeling low
Get out of my mind, leave me alone
You know my face and I ain't on the phone

Gettin' tired of being left all alone
I got a thousand crazy women ringing on the phone
Trying to make it, trying to break it
Doing what I really don't wanna do
