

The Girls' Song

The Spencer Davis Group

I'd like to make a long-distance call
To a number west L.A
I've been trying to reach it all day
But no one answers (So tell me)

Why was I so unkind?
I hope she's still on that line
I'll make it up to her
If she hasn't changed her number
(If she hasn't changed her number)
(If she hasn't changed her mind)

I know it's late, but just let it ring
Another time or two or three
She'd be hurt if she knew it was me
But I was waiting for her

Why was I so unkind?
I hope she's still on that line
I'll make it up to her
If she hasn't changed her number
(If she hasn't changed her number)
(If she hasn't changed her mind)

Lonely person to lonely person

So tell me why was I so unkind?
I hope she's still on that line
I'll make it up to her
If she hasn't changed her number
(If she hasn't changed her number)
(If she hasn't changed her mind)

(If she hasn't changed her number)
(If she hasn't changed her mind)
(If she hasn't changed her number)
(If she hasn't changed her mind)
(If she hasn't changed her number)
(If she hasn't changed her mind)
(If she hasn't changed her number)...
