

The Screw

The Spencer Davis Group

Don't care if I feel nowhere
Don't see a need for me
Don't mind, there's too much hair
Don't really wanna see

Don't care about the people beside me
Don't mind about the people that jive me
Don't care, so I think I should hide
Don't care about the people outside

Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do

Screw you and them, too
Screw you, I'm feelin' blue
Screw tears
I can't wait for them three years

I must have my will to defy me
is all that I crave
I must have
I can't wait 'til I'm in my grave

Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do

Don't care if I feel nowhere
Don't see a need for me
Don't mind, there's too much hair
Don't really wanna see

Don't care about the people beside me
Don't mind about the people that jive me
Don't care, so I think I should hide
Don't care about the people outside

Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do

Screw you and them, too
Screw you, I'm feelin' blue
Screw tears
I can't wait for them three years

I must have my will to defy me
is all that I crave
I must have

I can't wait 'til I'm in my grave

Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do

Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do
Screw you, screw you
Tell you what I'm gonna do...
