

We Can Give It A Try

The Spencer Davis Group

It seems a while since I came here
But we kicked ourselves abused
I wrote some pretty songs for you
But I also sing the blues
I'm goin' back to where I've been
And I'm a long, long way from home
I'll give you my address and write it down
On the back of Rolling Stone

I'm takin' your time
I'm drinkin' your wine
And I'm thinkin' you're fine
But I'm changin' your mind
We can give it a try
We can give it a try
We can give it a try
We can give it a try
