

## If I Knew

## The Spinners

When we meet,  
We're careful not to touch  
The distance is too much for me  
You might smile,  
Talk about your day  
But never really say anything  
Inside I'm turning,  
As I try to hide the pain  
I want to reach you  
But my feeling just get twisted up again

If I knew,  
What you wanted from me  
I lay down my life for you  
And do the things you need me to  
If i knew  
What you wanted from me  
Love would be the easy thing to do  
If i knew

We make love,  
Like strangers in the dark  
Thats the hardest part for me  
Then you are away  
I cash you all good bye  
What a way for love to be  
I watch you walk away  
And slowly go insane  
I'd like to keep you  
But my feelings just gets twisted up again

Oohhh  
If I knew,  
What you wanted from me  
I lay down my life for you  
And do the things you need me to  
If i knew  
What you wanted from me  
Love would be the easy thing to do  
If i knew

If I knew,  
What you wanted from me  
I lay down my life for you  
And do the things you need me to  
If i knew  
What you wanted from me  
Love would be the easy thing to do  
If i knew

If i knew  
What you wanted from me  
I lay down my life for you  
And do the things you need me to  
If i knew  
What you wanted from me  
Love would be the easy thing to do

I lay down my life for you  
And do the things you need me to  
If i knew  
What you wanted from me  
Love would be the easy thing to do

If I knew,  
What you wanted from me ...
