

# Smile, We Have Each Other

The Spinners

Just say that I'm the one who  
You will live and breathe for  
And tiny buds will bloom, then  
We would grow to love those

Sometimes our troubled world will  
Come tumbling down  
I still have you  
We're going through

When all the winds have blown  
You'll never feel a thing 'cause  
Love has no special way of  
Making bells to ring, so

Let's just move on to love and  
We'll make up our minds  
We're going through  
There's me and you

Smile, we have each other  
Sometimes I don't know where you go  
But love has made us one  
Come on smile, we have each other  
If you're for me, we'll never be alone

Although no wealth is ours  
We never feel so bad 'cause  
We only miss the things that  
Gave us what we have, so  
If there is anything I can do for you  
The way is made, the price is paid

Smile, we have each other  
Sometimes I don't know where you go  
But love has made us one  
Come on smile, we have each other  
If you're for me, we'll never be alone  
Come on smile we'll have each other  
Sometimes I don't know where you go  
But love has made us one  
Come on smile we'll have each other  
If you're for me in love will be  
'Cause love has made us one  
Come on smile we'll have each other  
Sometimes I don't know where you go  
But love has made us one  
Come on smile we'll have each other  
If you're for me in love we'll be  
'Cause love has made us one  
Come on smile we'll have each other  
Smile we have each other

Smile.
