

# Ain't This The Truth

The Spinto Band

ain't this it? ain't this reason to quit?  
find a rock go out let's get some work and change of  
dress  
where's a rain pipe that I can shimmy up  
and window I can rattle on  
spend some time making crazy rhythms  
sitting back and living with it

ain't this it? that's a night to commit  
get a jinx get a curse have a drink and then feel worse  
figured there's much more I should care about  
but I won't need anything if I do  
spend some time being a bit irrational  
please tell me it's what we're after

ain't this it?  
ain't this what we wished?  
ain't this the truth dear?  
oh my dear

ain't this it? ain't this just too perfect?  
go to sleep finish up find relief but still feel ???  
in a pattern I'm familiar with but not comfortable in  
making time making do making nice  
make believe I'm doing alright

oh gotta get on without me  
I got pain  
I'm so tired but you still do feel a ???

ain't this it?  
ain't this what wished?  
ain't this the truth, dear?  
ain't this the truth?

ain't this it, ain't this what we wished?  
ain't this it?  
ain't this the truth dear?  
oh my dear
