

Alphabetical Order

The Spinto Band

Alphabetizing can be calming
It's easy to order your life by arbitrary symbols of
phonies

I'd like to see what life was like before we were reading
I'm sure we'd be needing some sort of
organization to categorize
our things

Would we need arranging if A means nothing?
and finding it means meandering in between the ends of
nothing in writing

Order all together
deciding whether, H-E-G, or A-B-C for

Alphabetizing's betting choices, does every fascism grow?
honoring it just keeps letting methods narrow

A-B-C-D means arranging

Advents in box
incoordination cue dots and
it's a logic dislodging
