

Don't Forget Me

The Stanley Brothers

At my window sad and lonely
Often do I think of you
And I wonder little darling
If you're thinking of me to

Don't forget me little darling
When from you I'm far away
But remember little darling
We may meet again someday

You may meet with fairer faces
Some may tell you I'm not true
Don't believe them little darling
No one loves you as I do
