

Am I Crazy?

The Statler Brothers

When I look into your eyes I
Feel a part of you
And when we kiss I can reassess
What your love can do
And when we touch there is so much
I want you to know
I could hold you never let you go

Am I crazy or losing my heart
I don't believe how fast I'm falling so far
You make love easy right from the start
So am I crazy or losing my heart

I had never thought I'd ever
Fall in love again
Then I saw you right than I'll do
That's where love began
Is it real love is it true love
Should I let it be
Even though you mean the world to me

Am I crazy or losing my heart
I don't believe how fast I'm falling so far
You make love easy right from the start
So am I crazy or losing my heart
Am I crazy or losing my heart
