

## If It Makes Any Difference

The Statler Brothers

If it makes any difference  
And I'm sure that it won't  
If you think I laugh and take it light  
You're wrong this time I don't

Look at me if you're still looking  
For the place the blame should fall  
I'm sick and simply sorry  
If it makes any difference at all

If it makes any difference  
About me and you  
If it makes any difference  
Anymore what'll I do

Knowing how I made you feel it's plain  
Feel about so tall  
I'm sorry and I love you  
If it makes any difference at all

If it makes any difference  
I was wrong from the start  
These aren't more sweet talking words  
These are from the heart

I've walked around the truth before  
But this time I'm willing to crawl  
What else can I say but I'm sorry  
If it makes any difference at all

If it makes any difference  
About me and you  
If it makes any difference  
Anymore what'll I do

Knowing how I made you feel it's plain  
Feel about so tall  
I'm sorry and I love you  
If it makes any difference at all
