

# You Don't Wear Blue So Well

The Statler Brothers

You don't wear blue so well  
It's easy to read you  
It's easy to tell  
But you don't wear blue so well

I hardly knew you the look in your eyes  
The tears that I saw there showed me that you tried  
I guess you had dreams that crumbled and fell  
You don't wear blue so well

I hardly knew you the look in your eyes  
The tears that I saw there showed me that you tried  
I guess you had dreams that crumbled and fell  
You don't wear blue so well

I know it ain't easy to forget the past  
You want to hold on to a love that can't last  
I had the same dream that crumbled and fell  
I don't wear blue so well

I know it ain't easy to forget the past  
You want to hold on to a love that can't last  
I had the same dream that crumbled and fell  
I don't wear blue so well

We don't wear blue so well
