

Open

The Staves

You say we don't do much talking
Still the river too much running
Well I'm open and I'm open
And I
Well I'm open and I'm open
And I'm right here
You say we don't do much talking
Still the river too much running
Well I'm open and I'm open
And I
Well I'm open and I'm open
And I'm right here

Lock down demons
I'm still trying
Well I'm open and I'm open
And I
Well I'm open and I'm open
And I'm right here

It's only the trying
It's always the trying
It's the knowing, the knowing
It's the knowing, the knowing
It's the knowing
We can't know

Well I'm open
And I'm open
And I
Well I'm open
And I'm open
And I'm right here

Lock down demons
I'm still trying
Well I'm open and I'm open
And I
Well I'm open and I'm open
And I'm right here

It's only the trying
It's always the trying
It's the knowing, the knowing
It's the knowing, the knowing
It's the knowing
We can't know

Well I'm open
And I'm open
And I
Well I'm open
And I'm open
And I'm right here
