

# Waiting On Me To Change

The Staves

Said you're waiting on me to change  
What you doing that for?  
When I said I'll stay the same, same, same, same, same, same  
Same guy I was before

Keep the tide low  
Let the river flow  
I don't need no alibi  
I'll be fine

I'll change, I'll change, I'll change when I want to  
I'll change, I'll change, I'll change when I want to  
(No, no, no, no, no)

Said you're waiting on me to change  
What you doing that for?  
You keep counting down the days, days, days, days, days, days,  
days  
Till I shift, until I move, till I improve  
Till I give you more

Keep the tide low  
Let the river flow  
I don't need no alibi  
I'll be fine

I'll change, I'll change, I'll change when I want to  
I'll change, I'll change, I'll change when I want to  
I'll change when I want to  
I'm the same, same, same  
Way, way, way  
I'll change, I'll change  
I'll change, I'll change, I'll change when I want to

But I don't really want to  
What you doing that for?  
Said you're waiting on me to change
