

## Wild And Blue

### The Steel Woods

Way across town the phone rings off the wall  
If you knew he ain't home, why do you keep callin'?  
You're gonna drive yourself crazy and you know that it's true  
It's just makin' you wild and blue

Wild and blue, it's no wonder  
Look at the things that you do  
They can just take you up yonder, Honey  
You're already wild and blue

In somebody's room on some far side of town  
With your minds all made up and the shades all pulled down  
Somebody's trying to satisfy you  
He don't know you're wild and blue

Wild and blue, it's no wonder  
Look at the things that you do  
They can take you up yonder, Honey  
You're already wild and blue

It's four in the morning and you're all alone  
With no place to go, why don't you come home?  
I'll be right here, baby, waitin' on you  
I know you've been wild and blue

Wild and blue, it's no wonder  
Look at the things that you do  
They can take you up yonder, Honey  
You're already wild and blue  
Wild and blue, it's no wonder  
Look at the things that you do  
They can take you up yonder, Honey  
You're already wild and blue  
They can just take you way on up yonder, Honey  
You're already wild and blue
