

How Long Have I Been Your Fool

The SteelDrivers

How many times have I believed your lying lips
who kissed me in the dark,
How long have I been holding to a love
who's been abandoned by your heart?
When did it start?
How Long Have I Been Your Fool?!
How Long Have I Been Your Fool?!
Tell me how could you be so cruel,
How Long Have I Been Your Fool?!

We used to give each other
all we had, but our bodies and our souls.
So, how did change your mind
Stop on a dime, let everything we have turned cold
Honey, I don't know....
How Long Have I Been Your Fool?!
How Long Have I Been Your Fool?!
Tell me how could you be so cruel,
How Long Have I Been Your Fool?!

I don't need two reasons why
I already know you got me wrong
But before we say goodbye
Baby, just you tell me HOW LONG
then I'll go.

Last night, you didn't even called
I guess you've passed the point of tryna to hide.
And thinking 'bout the thought of you with someone new
Is killing me inside,
So I just cry.

How Long Have I Been Your Fool?!
How Long Have I Been Your Fool?!
Tell me how could you be so cruel,
How Long Have I Been Your Fool?!
