

# Reckless

## The Strike

I was always taking my time  
I was fine with going nowhere  
Lost inside of my mind and I  
I was always playing it safe  
I was sober like a preacher  
Searching for the faith but I

I saw something buried in your eyes  
Like a sign  
There's no place left to hide  
So we'll let it ride

I'm feeling reckless tonight  
Suddenly all the scales are falling down from my eyes  
Oh yeah  
I'm calling your other line  
Just give me a chance to take another roll of the dice  
I'm feeling reckless tonight

I was riding on the wind  
When suddenly a rogue wave  
Brought me to the edge  
And I prayed to turn the tide  
But it seems that I'd forgotten  
That you've never lost a fight and I

I found something buried deep inside  
Like a light  
Now there's no place left to hide  
So we'll let ride

I'm feeling reckless tonight  
Suddenly all the scales are falling down from my eyes  
Oh yeah  
And I'm calling your other line  
Just give me a chance to take another roll of the dice  
I'm feeling reckless tonight

Oh I'm feeling reckless  
Can't nobody stop me 'cause I'm going in blind  
So we'll let it ride  
Oh I'm feeling reckless  
Can't nobody stop me 'cause you're by my side  
So we'll let it ride

I'm feeling reckless tonight  
Suddenly all the scales are falling down from my eyes  
Oh yeah  
I'm calling your other line  
Just give me a chance to take another roll of the dice  
I'm feeling reckless tonight

Oh yeah  
Oh I'm feeling reckless  
Time to come alive  
Let it ride let it ride  
You and I

And we're running wild  
I'm feeling reckless tonight
