

Shame

The Strike

Just look me in the eye and tell me baby where are you going
Where you going
You tell me in a way without me ever really knowin'
Really knowin'
And though I try, though I try, though I try to relax
It's getting hard to hold back
You got a talent girl, you know just how to get what you're wanting
What you're wanting

I've come across your kind before
But you're not gonna fool me rich girl
No more than...

One time!
Shame of you (And baby...)
Two times!
Shame on myself (And baby...)
Three times!
Shame on your daddy
For sharing just a little bit too much of his wealth
Give it to me now
Shame! (Oh yeah!)
Shame! (On you baby!)
Shame! (On me too, huh?)
Shame!

I should have known from the moment when you walked in the door
Still wearing your shades
That you were gonna have some trouble knowing how to behave child
Behave child
Ooo you got money, got style, got a body, but I can't locate a soul
Come on honey, don't fool me like you did before

I've come across your kind before
And you're not gonna fool me rich girl
No more than...

One time!
Shame of you (And baby...)
Two times!
Shame on myself (And baby...)
Three times!
Shame on your daddy
For sharing just a little bit too much of his wealth
Give it to me now
Shame! (Oh!)
Shame! (On you girl!)
Shame! (On your daddy!)
Shame!
For sharing just a little bit, oh just a little bit...

More than he should have when you cried to him "please"
And the tears they ran down your face
And he caved and he gave you all that money could buy
And now I'm standing right here, trying to take his place

You can fool me baby...

One time!
Shame of you (And baby...)
Two times!
Shame on myself (And baby...)
Three times!
Shame on your daddy
For sharing just a little bit, just a little bit

One time!
Shame of you (And baby...)
Two times!
Shame on myself (And baby...)
Three times!
Shame on your daddy
For sharing just a little bit too much of his wealth
Give it to me now
Shame!
Shame! (Oh!)
Shame! (On you baby!)
Shame! (On your daddy!)
For sharing just a little bit too much of his wealth
Shame! (Oh!)
Shame! (Oh!)
Shame! (Oh!)
Shame!
