

I'll Wait

The Strumbellas

You say that I'm a dreamer
You always let me be myself
That's just what you do, man
When you love someone, you love someone

When I'm feeling worthless
You're always there to help me out
That's just what you do, man
When you love someone, you love someone

You know that I will be the light
To always be there at your side
I just wanna tell you why
And this is how it goes

I'll wait, I'll wait to be the one
To catch you when you're falling
Always, always I'll be the one
To answer when you're calling

Well, you know I get so lonely
But with you I never feel alone
I guess that's how it is, man
When you love someone, you love someone

You know I'm out here working
You know I do it all for you
Nobody's perfect, they say

You know that I will be the light
To always be there at your side
I just wanna tell you why
And this is how it goes

I'll wait, I'll wait to be the one
To catch you when you're falling
Always, always I'll be the one
To answer when you're calling

I'll change my habits just to show I care
I'll face my demons just to show I'm there
I'll be with you till my final days
I'll change my habits just to show I care
I'll face my demons just to show I'm there
I'll be with you till my final days

I'll wait, I'll wait to be the one
To catch you when you're falling
Always, always I'll be the one
To answer when you're calling
