

# Running Out Of Time

The Strumbellas

Somebody told me  
Years don't go by slowly  
Am I running out of time  
Am I running out of time

When I was young, there were summer days  
They lasted all night long  
I always thought I'd never change  
Then, one day time was gone

Maybe in the bitter cold  
Maybe I lost it all  
How I'm ever gonna hang on

Somebody told me  
Years don't go by slowly  
Am I running out of time  
Am I running out of time  
The days get so lonely  
Years don't go by slowly  
Am I running out of time  
Am I running out of time

Trying to hold on to the glory days  
All the rights that turned out wrong  
As long as there's blood running through my veins  
I'll be riding on till dawn

Waiting on the end I know  
How we come and go  
Gotta try to hang on

Somebody told me  
Years don't go by slowly  
Am I running out of time  
Am I running out of time  
The days get so lonely  
Years don't go by slowly  
Am I running out of time  
Am I running out of time

These hands keep ticking over  
I'm wasted but I'm sober  
Keep stumbling to find the words to say

These hands keep ticking over  
Wasted but I'm sober  
Keep try to make things right again

Somebody told me  
Years don't go by slowly  
Am I running out of time  
Am I running out of time  
Somebody told me  
Years don't go by slowly  
Am I running out of time  
Am I running out of time

The days get so lonely  
Years don't go by slowly  
Am I running out of time  
Am I running out of time
