The Strypes

You've got to go out and grab it
Watch me cos I took my chance
We're all just creatures of habit
And I'm a snake in a world full of rats

So give me one reason
One reason why I should
Justify my actions
I don't really care

It's a shame
(Shame shame shame)
And it never felt so good, but it's
(Shame shame shame)
Am I acting like I should be?
(Shame shame shame)
Doing things I never could
(Shame shame shame)

Substantial abuses
Baby I've got to go out
Some half-arsed excuses
Like it gives me things to write about

So give me one reason
One reason why I should
Justify my actions
I don't really care

It's a shame
(Shame shame shame)
And it never felt so good
(Shame shame shame)
Doing things I never could, but it's
(Shame shame shame)
Am I acting like I should, no?
(Shame shame shame)

You've got me feeling tired and fat
Am I becoming a rat?
A filthy rat

So give me one reason
One reason why I should
Justify my actions
I don't really care

It's a shame
(Shame shame shame)
And it never felt so good
(Shame shame shame)
Am I acting like I should
(Shame shame shame)
Doing things I never could
(Shame shame shame)
