

Almost There

The Stylistics

Once
I was just an empty man
You, made me feel alive again
Now there's so much I'm looking forward to
Life has meaning and it's all because of you

Love
Come and take me by my hand

We're headed to a wonderland
We're on a journey to a place so far
To a world that's hidden way beyond the star
So few find it

Come with me
I think we're almost there
We're halfway to our journey's end
I think we're almost there

Come with me
I think we're almost there
A place that lovers seldom see
I think we're almost there
There

Love
Never did I think that I
Would
Be fortunate to ever find
You, someone to devote my whole life to
All eternity could never give me time
Time ? love you

Come with me
I think we're almost there
We're halfway to our journey's end
I think we're almost there

Come with me
I think we're almost there
A place that lovers seldom see
I think we're almost there

Come with me
I think we're almost there
We're halfway to our journey's end
I think we're almost there

Come with me
I think we're almost there
A place that lovers seldom see
I think we're almost there

Come with me
I think we're almost there
We're halfway to our journey's end
