

# Closer Than Close

## The Stylistics

We share a love that something more than special  
We really know what togetherness means  
And though we both had our share of bad times  
Love was there to pull us through  
You win the prize when it comes to understanding  
You really know what compassionate means  
Just like a blanket your love is all around  
Keeping me so safe and warm

Closer than close  
How does it feel to be  
Closer than most  
Nothing on Earth could be closer than we  
Lucky our we to be  
Closer than close  
How does it feel to be  
Closer than most  
A perfect ?  
?  
Lucky our we to be

You are the past, my present and my future  
You are the answer to life's mystery  
Our kind of love is so precious and rare  
We'll go down in history  
As

Closer than close  
How does it feel to be  
Closer than most  
Nothing on Earth could be closer than we  
Lucky our we to be  
Closer than close  
How does it feel to be  
Closer than most  
A perfect ?  
?  
Lucky our we to be  
Closer than close  
How does it feel to be  
Closer than most
