

# Falling In Love With My Girl

The Stylistics

Staring in the mirror through these eyes  
Thinking of the past, I fantasise  
I close my eyes, wish I could see  
That you were here, in front of me  
You could be the one to take me high

So far beyond the rainbow in my mind  
I've lost all of the time that passed me by  
I've gone beyond the never ever  
Could we ever be together  
You turn all my sorrow into smiles

Sending you love for now and always  
Deliver my love to you in my way  
Falling in love with my girl

I'm drowning in a contemplative mind  
Looking for a truth I'll never find  
I shouldn't push beyond the limit  
I know there ain't a future in it  
I'll leave all of the mystery behind

I step into the scene and play my part  
I let the others come claim your heart  
I gave it all to you and better  
The memories will last forever  
The grass is greener on the other side

Reaching out into the night, I watch the lovers go  
Searching for the meaning, in the words I write below  
Cos I never, never ever thought I'd close the door  
And I won't say, no I won't say, and you won't know

Sending you love for now and always  
Deliver my love to you in my way  
Falling in love with my girl

Sending you love for now and always  
Deliver my love to you in my way  
Falling in love, falling in love  
Falling in love with my girl
