

Hungry (For Your Love)

The Stylistics

You ask "Would our love grow?"
I don't know, I don't know
You ask "Would it show?"
I can't say not today
But every day I love you a little bit more
I just couldn't see myself walking out the door

You've got me hungry for your love
You've got me hungry for your love
You've got me hungry and I've just got to say
I am weak
I am strong
I am hungry for your love
I am weak
I am strong
I'm so hungry for your love

You asked "Would our love die?"
I don't know, I don't know
You asked "Will we cry?"
I can't say not today
Girl I could never leave your side

You've got me hungry for your love
You've got me hungry for your love
You've got me hungry and I've just got to say
I am weak
I am strong
I am hungry for your love
I am weak
I am strong
I'm so hungry for your love
