

## Just the Two of Us

The Stylistics

Wallstreet is down  
Still I don't care  
Work can't be found  
And this I'm aware

But just as long  
Keep the love that sees me through  
What am I to feel  
With you be my side  
To help be my guide

Just the two of us  
Like footsteps in the sand of time  
Just the two of us  
Like words that helps ?

Bills getting ?  
And still I don't care  
My pays not enough  
And this I'm aware

But just as long as you  
Keep the love that sees me through  
What am I to fear  
With you by my side  
To help be my guide

Just the two of us  
Like footsteps in the sand of time  
Just the two of us  
Like words that helps ?
