

Pet Boy

The Subways

You're too drunk
Uptight
In my face
You wanna fight
You're teasing
Wasting
Precious seconds
Of my night
You can't let go
Anything any more
Begging
Pleading
I won't do it any more

No I won't fall to the floor
You give me the run around
Just because you put me down
No I don't wanna be your pet boy

Where did the good heart go
Where did the person I know go

No I won't fall to the floor
You give me the run around
Just because you put me down
No I don't wanna be your pet boy
Doing everything for you
No because I'm not a fool
No I won't fall to the floor
You give me the run around
Just because you put me down
No I don't wanna be your pet boy

Your tongue is a whip
With the shake of your hip yeah
Your dress is a mess
But I fall for it none the less
You're crashing this car
Breaking our hearts
Tearing the veil
And exposing our hidden scars

No I won't fall to the floor
You give me the run around
Just because you put me down
No I don't wanna be your pet boy
Doing everything for you
No because I'm not a fool

No I won't fall to the floor
You give me the run around
Just because you put me down
No I don't wanna be your pet boy
Doing everything for you
No because I'm not a fool
No I won't fall to the floor
You give me the run around

Just because you put me down
No I don't wanna be your pet boy
