

Taking All the Blame

The Subways

I'm not the one
Who started out making promises
Made my mistakes
You went away and that's my punishment

I hear the sound
Of all these rumours going round
Is this how you want it to be

What can i do
Do you want me on my knees
What shall i give
One hundred more apologies
What can i say
When you can't look me in the face
I just don't know why i bother
I go talking all the blame

I never asked
For you to be more than who you are
I only said
You're never there
Yeah you seemed so far
From me

I hear the sound
Of all these rumours going round
So you say it's all down to me

What can I do
Do you want me on my knees
What shall I give
One hundred more apologies
What can I say
When you can't look me in the face
I just don't know why I bother
I go talking all the blame

Will this be ever liked it used to
We used to ride into the sun
Why can't things just be like they used to
You're just no fun

What can I do
Do you want me on my knees
What shall I give
One hundred more apologies
What can I say
When you can't look me in the face
I just don't know why I bother
I go talking all the blame
