The Sugarcubes

I can't really  
Stand anymore of this  
All the lifeguards  
Keep staring at me  
I can't stand any  
Oh I really can't  
All I can say is  
Why don't you

Get me home said to cindy

I hate that  
In my little room  
All these robots  
They really keep  
Just squeaking  
I really can't  
Oh mommy take me home!

Take me home said to cindy  
Get me home said to cindy  
Get me home said to cindy

Woah!  
Where are you mummy?  
I'm singing  
Why can't you just be it  
I'm ? ? ? into you  
What she said  
She said

She tells me to sit up at home  
She tells me to sit up at home  
Getting home!  
Get me home, said to cindy  
She tells me to sit up at home  
She tells me to sit up at home  
Getting home

Oh I think I am  
When I'm going poopoo  
Why should i?  
Why should I go poopoo?  
I really don't know  
So why?  
I don't know  
But she said

Get me home I said to cindy  
Get me home I said to cindy  
Get me home
