

Speed Is The Key

The Sugarcubes

Straight into the air
At lightning speed
Fasten your seat belts
The future is mine

I'm a future woman
In an irresistible world
Fast and sparkling
Speed is the key

Lizards at lightning speed,
Surprise me all the time
Does no one respect space rules?

A big fresh meat slice
Streamlined solid steal knife in it
I must energize
Speed is the key

Lizards playing around
And I'm one of them
Lizards of the world unite

I'm a space girl
Pass me that aeroplane
I've got to go now
Speed is the key

I'm a space woman
Shaped like a bullet
No barriers
Whoosh, there goes another second
Doubt kills
Speed is the key
