

## Black Tar Halo

The Suicide Machines

Been stealing hearts, been stealing cars  
She's a wolf preying on drunks in the bar  
The boys all stare, ya better beware  
She's a creep and she'll get you six feet deep

Man, she's sick  
She's a devil  
So sick  
Black tar halo

Here she comes running up my block  
I've seen that look and I know what she's done  
A million times, a million crimes  
Watch your back though, she only loves that needle

Man, she's sick  
She's a devil  
So sick  
Black tar halo

Six feet below the dirty needle  
She only loves the black tar devil  
Stuck in the depths of the black tar  
Stuck in the depths of the black tar
