

Bleeding Heart

The Suicide Machines

Just a blank and empty store - Another number stuck in line
Generation gone nowhere
Are we all loosin our minds - Our minds

Things are fallin all down - Should we let the world fall apart
Fallin down all around - Won't let this world break my heart -
No

This is the last time - I let the world - Get the best of me
Never - Break me - Never - Gonna take me alive

We humans live on misery - Born to punch the clock each day
Is there really freedom of speech - Or do we watch what we say
- I say

Things are fallin all down - Should we let the world fall apart
Fallin down all around - Won't let this world break my heart -
No

This is the last time - I let the world - Get the best of me
Never - Break me - Never
Gonna take me alive - You'll never take me alive

And my heart is all mine - And my mind is free
That's all the revolution - Revolution that I need

And my heart is all mine - And my mind is free
That's all the revolution - Revolution that I need

And my heart is all mine - And my mind is free
And the fire it burns - Deep inside of me

And my heart is all mine - And my mind is free
And the fire it burns - Deep inside of me

Freedom

I try to do all that I can - To make a better me
Change yourself and then the world
Always speak what you believe - I believe

This is the last time - I let the world - Get the best of me
Never break me - Never gonna take me

This is the last time - I let the world - Get the best of me
Never break me - Never gonna take me (alive)
You'll never take me alive
