

Eternal Contrarian

The Suicide Machines

I say yes and you say no
I say let's stay, you say let's go
We're slipping out the back door when we
Said we're gonna kick the front door down
Are you ready for the country?
You say come on, maybe let's go downtown

Eternal contrarian
Jack of all trades, master of none
Eternal contrarian
What have we done?

I say no and you say yes
I want to get out of this place
You want to stay in this mess
Conflict contrary to the backbeat
Always grinding against the grain
Always reaching for something to be different
In the end it's all the same

Eternal contrarian
Jack of all trades, master of none
Eternal contrarian
Man of your word talking to no one
Eternal contrarian
What have we done?

Predictably unpredictable
Predictably unpredictable
Predictably unpredictable
Predictably unpredictable
