

## Flint Hostage Crisis

### The Suicide Machines

Drinking water that makes you fucking sick  
Left with no choice but to live like hostages  
Rich politicians getting over on the poor  
Rich corporations are waging class war  
The land banks, they burn down all the houses  
It's big money in a state-created crisis  
These are the shadows of the working middle class  
It's all about the green, they don't care about white or black

Third world city  
Here in America  
Vehicle city  
Third world America  
And it's midnight  
Shots ring out of sight

She spent 40 years in that factory  
The one that kept quiet and looked the other way  
They put profit before people instead for rusted out parts  
Children don't smile here and it's breaking my heart  
A new horizon to poverty y'all  
You're backed against a fucking wall  
Crime, drugs, gun in hand  
But I don't believe in their fucking war  
Neighborhoods boarded up  
Boarded schools, bored as fuck  
There's no political power when you are born into the boarded u  
p

Third world city

This is what  
Class war  
Really
