

# Honor Among Thieves

## The Suicide Machines

Runnin with the thieves yeah - And slumming with the rats  
Been runnin fifteen years - You can never bring me back  
We lived our lives hard - And we lived our lives fast - Fightin  
for the future  
Still e struggle with our past - And we're still all outcasts

Cause this is the - Only life I know  
When push comes to shove - Will I be left standing alone - Alon  
e - Standing alone  
We gave it our all - But was our all ever enough - Was it enoug  
h

Flew Through all th good times - And dragged through all the ba  
d  
These are the best friends - That I ever had  
Living like paupers - We were runnin with the kings - Fighting  
like brothers  
I wouldn't change a thing - No I wouldn't change a thing

Cause this is the - Only life I know  
When push comes to shove - Will I be left standing alone - Alon  
e - Standing alone  
We gave it our all - But was our all ever enough - Was it enoug  
h

I got your back - And you've got mine  
We can make a difference - It just takes some time

I got your back - And you've got mine  
We can make a difference - It just takes some time

Cause this is the - Only life I know  
When push comes to shove - Will I be left standing alone - Alon  
e  
Standing alone- We gave it our all - But was our all ever enoug  
h

Cause this is the - Only life I know  
When push comes to shove - Will I be left standing alone - Alon  
e  
Standing alone- We gave it our all - But was our all ever enoug  
h - Was it enough
