Burning Bridges

The Summer Obsession

Mission accomplished,
Do you feel regret breathing down your neck?
Broken friendships in progress,
Do you ever wonder why your soul is in debt?

Light a match,
But use it to find your way through the dark.

When the sun goes down emotions all come out,
And your sapphire eyes keep staring at the ground,
You're burning all your bridges down,
You're burning all your bridges down.

The future is pending,
Are you sending angels out or demons instead?
What goes around comes around,
How will you cross the lakes and rivers that surround
you?

Light a match,
But use it to find your way through the dark.

When the sun goes down emotions all come out,
And your sapphire eyes keep staring at the ground,
You're burning all your bridges down,
You're burning all your bridges down.

With every kiss, that's on your list,
You're burning all your bridges down,
With every kiss, that's on your list,
You're burning all your bridges down.

When the sun goes down emotions all come out,
And your sapphire eyes keep staring at the ground,
You're burning all your bridges down,
You're burning all your bridges down,
You're burning all your bridges down,
You're burning all your bridges down,
You're burning them down,
You're burning them down,
You're burning them down,
You're burning them down,
You're burning them down,
Burning them down,
Burning them down.
